Ms. Pierce presented Amendment #1 to the Fargo Safe Routes to School Plan contract. The purpose of this amendment is to extend the contract final date to March 31, 2020. She stated that the draft report is over 300 pages, and that Metro COG and local staff need more time to review the document and provide feedback to the consultant.

   Motion: Recommend Policy Board approval of the proposed project timeline extension for the Fargo Safe Routes to School Plan.
   Ms. Huston moved, seconded by Ms. Safgren
   MOTION, PASSED. 18-0
   Motion carried unanimously.

6. US10/75 Corridor Study – Contract Amendment #2
Mr. Maddox presented Amendment #2 to the US10/75 Corridor Study. This is the second date extension for this contract. This amendment extends the contract final date to May 31, 2020.
Mr. Johnson asked what events slowed the process, as the amendment is ambiguous in explanation. Mr. Maddox explained that there were two winter weather events that closed down the city of Moorhead resulting in delayed public input events and a rescheduling of at least one SRC meeting. The consultant also experienced the loss of a team member who had a major role on the project team. Mr. Johnson stated that he believes the language of the amendment should be more specific in documenting some of the reasons for the extended timeline.

Mr. Atkins amended his motion to have staff include this information into the amendment for Policy Board review.

Motion: Recommend Policy Board approval of Amendment #2 to the US10/75 Corridor Study contract.
Mr. Atkins moved, seconded by Ms. Safgren.

4. **Modification of Project 5200001**: Moorhead Transit green light bus priority project (2020). The total project cost decreased to $521,000, of which $416,800 is through FTA Section 5339 funds, and $104,200 through local matching funds.

5. **Modification of Project 8190033**: MnDOT I-94 weigh-in-motion scale project (2020). The total project cost decreased to $355,752, all of which is through state funds.

9. **TA Grant Prioritization / New TA Scoring Criteria**
Mr. Farnsworth presented the North Dakota and Urban Transportation Alternatives grant prioritization, as vetted through the Metropolitan Bicycle and Pedestrian Committee. He also noted that the TA scoring criteria was updated and revised during the prioritization process.

Mr. Atkins noted that the recommended motion included both the approval of the prioritization and the approval of the new scoring criterion. Both Ms. Lipetkzy and Mr. Solberg acknowledged this in their motion and second.

**Motion**: Recommend Policy Board approval of the TA project prioritization and updated TA scoring criteria as vetted through the Metropolitan Bicycle and Pedestrian Committee.

Ms. Lipetzky moved, seconded by Mr. Solberg.

**MOTION**, PASSED. 19-0
Motion carried unanimously.

10. **Bicycle & Pedestrian Committee Citizen Representative**
Mr. Farnsworth presented Chris Garty as the Metropolitan Bicycle & Pedestrian Committee Citizen Representative for the 2020-2021 term. His term will begin on January 1, 2020. Ms. Gray noted that two staff members of Consultants that frequently work with Metro COG applied for the citizen seat, but were not chosen due to the potential for conflict of interest. She stated that Metro COG staff realized that those individuals both were avid bicyclists and had a lot to offer the committee in terms of knowledge and experience, but since other
applicants were also available, another citizen representative was recommended. Mr. Johnson asked if this is information gathered from applicants when they apply to be a citizen representative. Mr. Farnsworth responded that it is not part of the application form at this time. Mr. Johnson suggested that if applicants are asked if they work for a consultant that performs work for Metro COG, the question would at least put them on notice that their application might be viewed differently because of it. He recommended this change during the next round of applicants. He agreed with the potential for conflict of interest. Mr. Solberg said that consultant applicants should not automatically be disqualified, as those individuals may contribute greatly.

Motion: Recommend Policy Board approval of the top ranked candidate, Chris Garty, to serve on the Metropolitan Bicycle & Pedestrian Committee for the 1/1/20 – 12/31/21 term. With the fallback position that the second ranked candidate be recommended, should Mr. Garty decline the position.
Mr. Atkins moved, seconded by Mr. Wolter.
MOTION, PASSED. 19-0
Motion carried unanimously.
