Re: *MnDOT Request to Modify Metro COG TIP for Project #5190006*

Please consider this memorandum as a formal request from the Fargo-Moorhead Metropolitan Council of Governments (Metro COG) to modify project #5190006 in the 2019-2022 Transportation Improvement Program (TIP) by increasing the amount of federal funding allocated to the project. The following table summarizes the project included in this federal share modification:

FTA 5307			
Project	Federal	Local Match	Total
COG #5190006	\$63,600	\$254,400	\$318,000
TRF-0034-19K			

This Administrative Modification reflects the addition of \$5,600 of Federal Funding to project #5190006 in the 2019-2022 TIP. The increase of federal funding represents a 9.65% change from the previous amount, which is a minor adjustment as documented in the TIP. The addition of funding to FTA projects is considered minor if it is less than 20% of the total project cost. This project meets and exceeds the 20% matching funds required for FTA 5307 funds.

Thank you for your attention to this matter. Please contact me at 701.532.5107 if you have any questions.
